

BUNKER RULE

The following Local Rule is being introduced on a temporary basis in relation to play from bunkers:-

“When a ball lies in the bunker, the player may take FREE relief within the bunker by placing the ball within 6 inches of where it lies in the bunker – no nearer the hole.

The ball must be marked before lifting and may be cleaned. Once placed, the ball is in play.

The area where the ball is to be placed must NOT be smoothed before placing the ball”.

Penalty for breach of Rule – 2 strokes.

Players are requested to smooth the sand AFTER they play their stroke with their foot or club.
